

330 GAL BULK FLUID DISPENSE PACKAGES

Complete bulk fluid dispensing packages

CUBET tanks are ULC listed and they are made from HD-8760 high density copolymer that offers the following advantages:

- Environmentally superior
- Long term UV stabilization
- 250 mil wall thickness
- Level always visible, no gauge needed
- No vent cap needed
- Will not leak or rust, seamless construction
- Dual containment steel basket that holds 110% of the tank volume
- Tank and cage H 67"x W 46"
- Tank and dual containment H 67"x W 55"
